About US

We started our journey into cannabis with hemp in 2018. We became a top-performing retailer of our proprietary brand, a GMP manufacturer and distributor of the highest quality hemp-derived Phytocannabinoid-rich products with One Hemp Holistics. Not long after, we transitioned into Seed to Sale, and our sister company, Niagara Hemp Supply, was born, and so the story goes.

As a family-owned and operated company, we have been committed to adhering to the highest standards, providing quality products, and maintaining our company ethics as the foundation of our success; we have been a leader in the Hemp industry, from Retail to Farming to Manufacturing, and plan to ensure we do the same with our cannabis products.

As our final chapter began in 2022, we evolved into Niagara Cannabis Company, cultivating and manufacturing the highest quality cannabis. Using our knowledge as industrial hemp farmers and manufacturers and Jim's 30 years of legacy experience, we are ready to help grow the New York State cannabis marketplace with top-quality cannabis products for recreational use.

We have always had a LOVE for the cannabis plant (both medicinally and recreationally), and as cultivators, we grew our sun-grown plants with the greatest of care, and the "Farmer Jim" Brand was born! We continue to source and deliver premium sun-grown cannabis flower while transitioning to our NYS state indoor license. Working with environmentally conscious farmers whose cultivation practices only positively impact local ecosystems. In addition, we are expanding our smokable lines with greenhouse-grown.

Our team is a group of well-rounded individuals with extensive backgrounds; we are industry leaders and professionals, ranging from studies in agriculture to marketing to regulatory business practices, to name a few. Together, we are a dedicated group that stands by all we do. Our values define who we are. They are the fundamental beliefs of our organization. They guide our actions and behavior. They influence how we work with each other and serve our clients and engage with our communities.

We will proudly serve the growing demand for adult-use recreational marijuana products.
